

1. IDENTIFICATION:

Commercial name : Neomat

Company: Denaco Imports Limited.

Tel No: +44 (0) 1283 520999. Fax No: +44 (0) 1283 520999.

Email: Sales@Denacoimports.com. www.denacoimports.com

2. COMPOSITION/INFORMATION ON INGREDIENTS:

Glass fibre roving's with binder.

Dangerous Ingredients:

Product:	Cas No.	EEC No.	%	Symbol	R-Phrases
Fibrous glass filament			90 - 99		
Polyester bisphenol binder			1 - 10		

3. HAZARDS IDENTIFICATION:

Irritant to eyes and skin.

Can be inhaled causing coughing and sneezing.

4. FIRST AID MEASURES:

In case of eye contact: Flush thoroughly with water, or optical solution for up to 15 minutes. Seek medical assistance if irritation persists.

In case of skin contact: Use of a suitable barrier cream and protective clothing will help alleviate irritation. Copious rinsing of affected areas with clear water should be done prior to washing with soap. If an allergic reaction occurs, further contact with the product should be avoided and medical advice sought.

In case of inhalation: The fibres used in this product are of such dimensions as to be non-respirable. Irritation of the upper respiratory tract may be caused by high exposure to airborne glass fibre dust. If this occurs the effect should be transitory and not result in any permanent disability.

5. FIRE FIGHTING MEASURES:

Fire-extinguisher types:

Use:

Do not use:

Specific fire and explosion risks:

Specific protective measures during fire-fighting: In a sustained fire, self-contained breathing apparatus (SCBA) should be worn.

6. ACCIDENTAL RELEASE MEASURES:

Mechanically remove.

7. HANDLING AND STORAGE:**Handling and Storage:**

Store at a temperature less than 25°C.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION:**Personal Protection:**

It is recommended that the wearing of suitable face masks together with efficient ventilation and dust extraction should be used in areas where glass fibre dust may be produced. Safety glasses Recommended. Protective gloves.

General Protection and Hygiene Measures:

Wash hands before eating or smoking.

9. PHYSICAL AND CHEMICAL PROPERTIES:

Physical state:	Solid
Colour:	White
Odour:	None
Flash point:	N.A
Melting point (°C):	800 °C
Density (25 °C) g/cm³:	2.59
Vapour pressure (20 °C) mbar:	N.A
Viscosity (25 °C) mPas:	N.A
pH Value (°C):	N.A
Solubility in water at 20 °C:	Insoluble

10. STABILITY AND REACTIVITY:

Stable. No known conditions to avoid

11. TOXICOLOGICAL INFORMATION:

Exposure to manmade mineral fibre dust of non-respirable dimensions should not exceed a control limit of 5mg/m³ as laid down in the H+S.E. guidance note EH 40/86. Not carcinogenic.

12. ECOLOGICAL INFORMATION:**13. DISPOSAL CONDITIONS:**

No special disposal conditions. Dispose of as solid waste in accordance with regulations.

14. TRANSPORT INFORMATION:

Not dangerous material - no marking regulations.

15. REGULATORY INFORMATION

No classification

16. OTHER INFORMATION

The information contained in this safety data sheet is provided in accordance with the regulations of the chemicals (Hazard Information and Packaging) Regulations. As the specific conditions of use are outside the supplier's control, the user is responsible for ensuring that the requirements of relevant legislation are complied with. The information contained in this safety data sheet is based on the present state of knowledge and current national legislation. It provides guidance on health, safety and environmental aspects only.
